Hawthorne, CA 90250

Dear Mr. Zaharoni,

Thank you for the donated contractor services you provided to our school, Warner Avenue Elementary. The cabinet railings will ensure the safety of our students and the cubby cabinets will help teach our primary students necessary organizational skills and responsibility.

The access doors also will provide a safe classroom environment for our kindergarten students in room 15.

Our teachers sincerely appreciate your services. When the private sector works in conjunction with the public sector, our schools and our children benefit.

Sincerely,

Jeff Kaufman
