Hi, Lisa,

I hope you're doing well. Mario is by far the best electrician we've ever had, solving some long-time problems that other electricians just bandaged over and couldn't fix. On behalf of the board and the whole association, we just can't say enough about how pleased we are with his work. Just so you know, we've never said that about any other technician, electrician or otherwise, who has done work for us. Good help, as they say, is hard to find.

Thank you!

Erica
