Very Satisfied

8. Do you have any comments related to CBMI's performance?

You know this company is the best from the very top on down. They are quality experienced professionals and it is plain that they will come at any hour and get the job done for me. They are always interested in assuring me that they will do what is needed to remedy my problems. They certainly make my job of managing an apartment building easier because I can assure my residents that we will take care of plumbing and electrical on the spot.
